Kodak

i4000 Series Scanners

**True innovation
and
relentless efficiency**

TURN CHAOS INTO EFFICIENCY AND EFFICIENCY INTO ADVANTAGE.

Digitizing and managing a whirlwind of documents just got easier. Introducing the all-new **Kodak i4000 Series Scanners**. We took everything we've ever learned about document management and built an entirely original platform to help you control information, automate processes, and take productivity to new heights.

It's time for a solution that will meet your needs today and grow to meet your needs tomorrow.

We could say "lower costs," but we thought you might want to know just how much lower.

Five-year cost

Total cost of ownership — including list price, service, daily duty cycles, consumables, and additional image processing costs — is up to 59 percent less than comparable scanners from other manufacturers.*

Consumables cost

Consumables for comparable scanners from other manufacturers can cost up to 8 times more, per 500,000 scans.*

*Based on manufacturer's published specifications and online distributor pricing.

It's tough. It's simple. And it was engineered from scratch by listening to your needs, then delivering on every one of them. Just look below and decide what you're looking for from a document capture solution, then learn how the **Kodak i4000 Series** Scanners can give it to you.

Simplicity and ease of integration

Our Smart Touch Feature delivers out-of-the-box productivity that easily automates multiple tasks with powerful "one touch" scanning.

Ergonomic design for easier loading and unloading.

Our new capture platform allows easy upgrades and simple integration with your new IT strategy or existing process.

Output to multiple file formats and destinations, and scan to other applications.

Worry-free, consistent image quality

Perfect Page Technology makes adjusting scanner settings a thing of the past.

Perfect Page image processing provides exceptional scans and images time after time, even from less-than-perfect documents, reducing the need for rescans and post-image processing.

Streak Filtering corrects for real-world conditions you can't control, such as dust.

Longevity and ease of mind

When volume increases, enhanced functionality and speed are easily added — it's the only scanner series in its class that allows field upgrades.

Rugged design and steel-welded frame ensure high performance and reliability.

Kodak Service and Support for Document Imaging Solutions helps you keep things running smoothly.

More efficiency, less downtime

Maintains full rated speed with valuable features like Auto Orientation, Auto Crop, and Skew Detection enabled. Similar features can slow other manufacturers' scanners by as much as 59 percent.**

SurePath Paper Handling delivers advanced feeding and stacking functions for increased performance and reduced prep time.

Meets real-world needs with virtually jam-free operation for practically any document in any condition.

Controlled Stacking neatly aligns stacks in the same order you put them in.

Reliably detects double feeds so you won't lose an image.

Powerful, compact scanner, offering 500-sheet input capacity.

Optional **Kodak** Legal Size and A3 Size Flatbed Accessories for added capability to scan bound, oversized and fragile documents.

SurePath Paper Handling automatically adjusts for a variety of document sizes and thicknesses.

A complete solution from a single, trusted source

Hardware - One scanner to handle almost any size, thickness or quality.

Software - Smart Touch and **Kodak** Capture Pro Software Limited Edition are in the box — no third-party software to buy.

Service and Support - World-class service for both **Kodak** Products, as well as products from other manufacturers. Response time in four hours or less when necessary.

**Based on benchmark testing conducted by Eastman Kodak Company.

Less time shuffling documents means more time to get things done.

- 1 Controlled Stacking neatly aligns stacks in the same order you put them in.
- 2 Straight-through paper path handles long documents easily.

DESIGNED BY US AND YOU. What you see represented in these pages is the outcome of decades of leadership in capture process automation and best-in-class service and support. But most of all it's the result of listening to real-world business challenges, as described by people like you, then setting out to tackle them one by one. **Thank you.**
